

~Bird of Paradise separates are designed and made by artist Billie Barthelemy in her northern Minnesota studio. They are distinctive, timeless, versatile pieces that can be used for casual or dress wear. They travel well and are easy to care for.

~Hand embroidery and quilting are also available.

~All styles are made in XS - XL*. Special size orders are also welcome.

~Garments are available in a wide selection of colors, some of which change occasionally, see website for current choices. Different dye lots can sometimes show slight variations, making it preferable to order pieces for complete outfits at or near the same time.

* Swing top and jacket made in S, M, L.

~Garments are available in 100% silk noil. Other natural fabrics occasionally available. Please contact for info.

~The fabric is pre-shrunk by machine washing it twice in hot water, and drying it twice in a hot dryer before the garments are cut.

~Machine wash delicate in cool water or hand wash. Use a mild detergent or shampoo and do not use chlorine bleach. Use Shout Brand "Colorcatchers" in washing machine to wash dark colors and reversible garments and to wash different colors of garments together. Tumble dry low heat, and always use anti-static dryer sheets. Tumble drying softens the fabric nicely but you may also hang dry. Press as necessary with steam iron on the lowest steam setting. (hand washing is recommended for black & navy items when possible to keep the colors stronger, but they may also safely be machine washed.

~All pieces can be dry cleaned as well.
